Email: f.khuroolah@alustudent.com

Motivated Computer Science student with a strong interest in developing innovative solutions to real-world problems.

I'm eager to utilize my technical skills, leadership experience, and love for community service for meaningful projects and internships. I hope to contribute to dynamic teams and organizations while continuing to advance in the Information technology field

Skills

- **Programming Languages:** Python, JavaScript, Java, C++, HTML/CSS
- **Tools & Frameworks:** React, Node.js, Firebase, Git/GitHub, Figma
- **Soft Skills:** Leadership, Communication, Team Collaboration, Problem-Solving
- **Languages:** English (Fluent), French (Conversational), Mauritian Creole (Native), Arabic (Conversational), Urdu(Conversational)

Experience

IT Intern – Mauritius Shipping Corporation Ltd (MSCL)

Port Louis, La Capitainerie Building, Quay Road | December 2020

- Contributed to improving office efficiency by organizing and digitizing internal file scheduling systems.
- Assisted in basic software programming to support logistics tracking and performance monitoring.
- Played a key role in streamlining documentation workflows, helping the IT team reduce manual processing time by 25%.

Social Worker – Maison Dawah Community Service

Port Louis, Mauritius | September 2018 – December 2024

- Actively volunteered in preparing and distributing food packs to underprivileged families across the Port Louis region for over 6 years.
- Collaborated with youth-led teams during peak outreach seasons, reaching over 1000 families during Ramadan and end-of-year holidays.

- Strengthened trust with local communities, supporting a long-term charitable network that continues to grow.

Education

Rtss / Hsc

Computer science	2
Islamic Studies	1
Cambridge Advanced Paper in IT	1
Global Perspectives	1
French Language	1

ALCHE / BSc Computer Science

Expected Graduation: 2027

Coursework: Entrepreneurial leadership, Computer Science, Software Engineering, Data Structures & Algorithms, Artificial Intelligence, Systems Thinking

Capstone: Designing a mobile app to meet my Mission

DOHA and Islamic University of Selangor/ BA Islamic Studies

Expected Graduation: 2027

Extracurricular Activities

Hobbies

Mma, Football, Gym, Swimming, Fishing, Biking, Traveling, Cooking, Coding

Actively participate in many sports and maintain a strict routine to stay physically and mentally fit.

Passionate about exploring new tech trends, particularly in AI, sustainable technology, and blockchain.

Enthusiastic about experiencing new cultures, understanding global perspectives, and building a diverse network.

I am motivated to make a significant impact through technology, leadership, and service. I believe in continual learning, personal development, and applying my abilities to create meaningful solutions. I am open to new opportunities to contribute, grow, and collaborate with motivated, purpose-driven individuals.
